## **DETAILED ACTION**

### ***Drawings***

1. The drawings were received on December 29, 2006. These drawings are acceptable.

### ***Response to Amendment***

The rejection of claims 104, 106, 114-115, 124-125, 127, 135, 137, 155, 157, 167, and 166-176 under 35 U.S.C. 112, second paragraph is moot in view of applicants' amendments.

2. The terminal disclaimer does not comply with 37 CFR 1.321(b) and/or (c) because:

3. An attorney or agent, not of record, is not authorized to sign a terminal disclaimer in the capacity as an attorney or agent acting in a representative capacity as provided by 37 CFR 1.34 (a). See 37 CFR 1.321(b) and/or (c).

### ***Double Patenting***

1. The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. A nonstatutory obviousness-type double patenting rejection is appropriate where the conflicting claims are not identical, but at least one examined application claim is not patentably distinct from the reference claim(s) because the examined application claim is either anticipated by, or would have been obvious over, the reference claim(s). See, e.g., *In re Berg*, 140 F.3d 1428, 46 USPQ2d 1226 (Fed. Cir. 1998); *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970); and *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

Art Unit: 1774

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) or 1.321(d) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent either is shown to be commonly owned with this application, or claims an invention made as a result of activities undertaken within the scope of a joint research agreement.

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

2. Claims 103, 104, 105, 108, 110, 111, 112, 148, 149, 154, 159, 161, 162, and 163

are provisionally rejected on the ground of nonstatutory obviousness-type double

patenting as being unpatentable over claims 64, 65, 67, 68, 69, 77, 78, 85, 130, 131,

134, and 135 of copending Application No. 10/691,447. Although the conflicting claims

are not identical, they are not patentably distinct from each other because the claims of

the copending application are generic to the claims of the present case.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

3. Claims 103, 106, 113-116, 123-125, 127, 133, 148-149, are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1, 13-15, and 23 of U.S. Patent No. 7,179,522 B2. Although the conflicting claims are not identical, they are not patentably distinct from each other because the patented claims are generic to the claims of the instant invention.

#### ***Allowable Subject Matter***

4. Claims 107, 109, 117, 119, 120, 121, 122, 126, 128-129, 158, 160 and 164 are objected to as being dependent upon a rejected base claim, but would be allowable if

Art Unit: 1774

rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
